Soccer Skill Centres 2017

Soccer Skill Centres are weekly technical coaching sessions for children aged five and up, who love to play football regularly. Children may play for a club or at school, or even be completely new to football.

Sessions cover specific practices that allow players to improve their technical performance in small-sided matches - all while boosting confidence and social skills.

Goalkeeper Soccer Skill Centres are position specific courses that have been designed by goalkeepers, for goalkeepers, and provide technical knowledge and understanding to help children develop.

Our **Futsal Soccer Skill Centre** offers a weekly futsal session. The world's fastest growing indoor sport, futsal uses a smaller, heavier ball, which helps develop close ball skills and creativity.

Mon	Wymondham			
	5pm-6pm	Ages 5-6	6pm-7pm	Ages 7-8
	7pm-8pm	Ages 9-11
