## Sporty Tots 2017

**Sporty Tots** is a fun introduction to sport for two to four year olds. It aims to develop balance, coordination and ball skills whilst boosting confidence and social skills.

During the weekly sessions, coaches use a variety of games and activities to engage the children, while parents are also encouraged to join in.

CSF coaches are qualified in a range of sports and are experienced in working with children of all ages and abilities. The coach:child ratio is high and parents will be encouraged to interact with the coaches and children.

**Wed**
